# Cristian Sîrbu

Frontend Developer | WordPress & Next.js

Chișinău, Moldova | cristinelsirbu@gmail.com

## PROFILE

Frontend developer with around 4 years of experience and contributions to 108 web projects. I build WordPress websites and Next.js interfaces from supplied designs. Looking for a WordPress or React / Next.js role where I can contribute and develop my skills with support from the team.

## SKILLS

**Practical foundation:** HTML, CSS, Tailwind CSS
**Project experience:** WordPress, Next.js
**Foundational knowledge:** JavaScript, React, Next.js, Angular, PHP

## RELEVANT EXPERIENCE

### Agency website development - around 3 years

Complete website implementation from supplied designs, for companies in different industries.

### Product team experience - 5 months

Frontend work within a development team; the project is not shown publicly.

## SELECTED PROJECTS

**Yum Yum Sushi** yum-yum.md

Next.js frontend from a supplied design. Backend built by another developer.

**Samurai Sushi** samurai.md

WordPress development for a sushi delivery website with a menu and product catalogue.

**Mimi Hotels** mimi-hotels.com/ro

WordPress hotel website: rooms, events, restaurant and access to reservations.

**Enerfluid** enerfluidsnc.com

English-language industrial B2B website with a component catalogue and technical resources.

**Castel Mimi** castelmimi.md

Contributed to this project.

## TARGET ROLE

Frontend Developer - WordPress or React / Next.js. Open to hybrid work; looking for mentorship in framework roles.
